SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 12/13/20 at 1100 hours:

- 72,400,912 (+621,469) total confirmed cases in 218 countries.
- 1,616,035 (+8,759) total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 12/13/20 at 1000 hours:

- 15,932,116 (+213,305) total confirmed cases.
- 296,818 (+2,283) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 12/13/20 at 1100 hours:

- 1,551,766 (+30,334) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

PSPS Status		
PG&E	SCE	SDG&E
Normal Operations	Activating PSPS Protocols/Potential to De-energize	Normal Operations

Southern California Edison (SCE) Potential PSPS Event 12.12.20

On 12/11/20 at 1408 hours, SCE notified the California State Warning Center of a potential PSPS event.

- As of 12/13/20 at 1127 hours:
 - Current PSPS Stage: Activating PSPS Protocols/Potential to De-energize
 - Weather Event Window: 12/12/20 at 2100 hours to 12/13/20 at 1200 hours
 - Customers Potentially Impacted: 0 customers
 - Medical Baseline Customers Potentially Impacted: 0 customers
 - Potentially Impacted County: None
 - Customers Currently De-Energized: 0 customers
 - Medical Baseline Customers Currently De-Energized: 0 customers
 - Counties Currently Impacted by De-energization: None
 - SCE notified the Warning Center that the weather of concern for this event has passed.

Southern California Edison (SCE) Potential PSPS Event 12.15.20

On 12/13/20 at 1849 hours, SCE notified the California State Warning Center of a potential PSPS event.

- As of 12/13/20 at 1849 hours:
 - Current PSPS Stage: Activating PSPS Protocols/Potential to De-energize
 - Weather Event Window: 12/15/20, 0000 hours to 12/15/20, 2100 hours
 - Customers Potentially Impacted: 15,287 customers
 - Medical Baseline Customers Potentially Impacted: 372 customers
 - Potentially Impacted County: None
 - Customers Currently De-Energized: 0 customers
 - Medical Baseline Customers Currently De-Energized: 0 customers
 - Counties Currently Impacted by De-energization: None

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A Winter Storm Warning is in effect through Monday morning for portions Plumas and Shasta Counties.
- Another storm pushes into the region Sunday night bringing rain, snow, and breezy winds to the Sierra Passes.

SOUTHERN CALIFORNIA

- Gusty northwest to north winds will impact portions of Santa Barbara, Los Angeles, and Ventura Counties Monday through Monday evening. Peak wind gusts between 30 and 50 mph will be common in the wind prone areas of the Santa Barbara South Coast, the Interstate 5 Corridor and portions of the Santa Clarita Valley.
- Santa Ana winds and elevated fire weather conditions Tuesday for portions of Southwestern California. Localized elevated fire weather conditions and slightly above average temps Wednesday.

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

12/13/20 - 12/19/20

Sunday

- Elevated fire weather conditions persist across southern CA with gusty winds of 40-50 mph and continued dry conditions.
- A weather system will move across northern California through tonight, bringing periods of rain and mountain snow, generally above 4000 ft.
 - Slippery driving conditions are possible and could bring possible travel delays and chain controls for mountain highways
 - Periods of moderate to locally heavy rain and snow are possible
 - Snow accumulations of 5-15 inches with localized amounts to 22 inches are possible through tonight
 - Wind gusts of 40-60 mph are possible at the higher elevations of the Sierras
- King tides and heavy surf will bring potential coastal flooding along central and northern coastal areas today.
- Isolated thunderstorms are possible along the northern coast today

Monday - Sunday

- Elevated to locally critical fire weather concerns will still be possible across central and southern CA due to dry conditions and breezy winds
- King tides and heavy surf will bring potential coastal flooding along coastal areas Monday and Tuesday.
- A few showers could linger on Monday, but most locations across northern CA will see drier weather Monday before another storm moves across the north Wednesday through Thursday.

CALIFORNIA WEATHER IMPACTS
